### Smoke Alarm Warns Family

The William Wooster family on Greenwood Drive in Grayling Township heard their smoke alarm go off shortly after going to bed and it helped keep a house fire from getting out of control. The family evacuated the mobile home quickly and called the Grayling Fire Dept. The fire dept. was able to extinguish the fire quickly and keep damage to a minimum. One room was damaged by fire and the entire house was damaged by smoke. The cause is still under investigation. The fire started about 12:50 a.m. Thursday morning.

### Guard Arrested for False Report

Martin Gray, 25, of Youngstown, Ohio, was arrested by the sheriff department on charges of giving a false report to police. Gray apparently told police he was a victim of an assault at the Camp Grayling E.M. club. Camp Grayling Military Police called sheriff deputies from Mercy Hospital stating there was an assault victim there. The incident occurred Saturday about 8 p.m.

### State Police to Step Up Patrol for Labor Day

An additional 3700 patrol hours have been scheduled for Michigan State Police troopers as part of the Operation CARE effort this Labor Day holiday, Col. Gerald L. Hough, department director, reported.

A record number of motorists are expected to travel the highways over the holiday weekend. State Police will patrol 87 segments of targeted highways totalling 3500 miles, enforcing the 55 mph speed limit and safety belt laws, and arresting intoxicated driver.

"Nineteen people died on Michigan's highways last Labor Day weekend. By obeying speed limits, wearing safety belts, and refraining from drinking and driving, citizens can reduce

the number of fatalities," Hough advised. He emphasized the importance of being alert to pedestrian, bicycle, and motorcycle traffic, noting that two bicyclists, six pedestrians, and a motorcyclist were among the fatalities last year.

Forty eight states are participating in Operation CARE (Combined Accident Reduction Effort) in an effort to hold the line on traffic casualties. Fifty volunteer groups will serve refreshments at motorist safety breaks at 59 rest areas throughout the state as part of the program.

For additional information on Operation CARE, contact Sgt. Marshal Weeks, Traffic Services Division, 517-322-1968.

## Jury Rules In Favor of Fired County Worker

A U.S. District Court jury ruled in favor of a Grayling woman who claimed her civil rights were violated because of her political activity.

Carol Conklin charged Republicans Joe Wakeley, county treasurer, Leo Lovely, former county clerk, and John Huss, county prosecutor, conspired to fire her from her county clerical job because she backed Democrat Alton T. Davis in the 1980 campaign for county prosecutor.

A six-person jury ruled unanimously in favor of Conklin, who may be entitled to more than \$40,000 in back wages. Conklin had started work in the county clerk's and treasurer's offices in June, 1980, and was fired Dec. 1, 1980.

Conklin said no reasons were given for her firing. She said both Wakeley and Lovely

called her the same evening and only told her the decision to let her go came from a higher authority.

The Crawford County Board of Commissioners voted last Thursday to appeal the decision. Mary Harland, board chairperson, said county attorneys have advised all county officials involved not to comment on the case while it is being appealed. She did say, however, that the county is not insured for civil suits.

Conklin's attorney, Donald Greenspon, of Detroit, said he may ask the judge to reinstate Conklin to her county job. Conklin said Monday morning she would be interested in having her county job back.

The appeal process could take a year to a year and a half before another verdict is reached.

## Porter Named County Social Services Director

Robert A. Porter of Grayling has been named to the position of director of the Crawford County Department of Social Services.

The announcement was made Friday by the county Social Services Board composed of Carroll Wert, Donna Gwilt and Don Geiss. Michigan State Department of Social Services director Dr. Agnes Mansour made the appointment on the basis of a recommendation from the local board.

Porter has been with the department since 1974 beginning with the position of children's services worker in Roscommon. He moved to the Crawford County office of the department in May of 1977 as an assistance payments services supervisor.

Until his appointment, Porter was program services supervisor responsible for the assistance payments staff and related programs. Those programs were the aid to dependent children, medicaid, food stamps, general assistance and emergency needs. In addition he was responsible for the administration of the children's protective services, adult protective services, children's foster care, foster care licensing and delinquency services.

Porter also was responsible for the obtaining of funds and the creation, implementation and monitoring of all service contracts. Service contracts are those where the talents of professionals other than department personnel are sought to fill client needs. Porter is

married, and he and his wife Lynn, have a loving family made complete with Rachael Youngs, age 6 and Lindsay Porter, age 3.

In his new role, Porter will direct a staff of 20 persons in the Crawford County office and will be secretary to the county board. He is active in community organizations and has recently been named to the Grayling Chamber of Commerce Industrial Development Committee by chamber executive director Terry Wright.

The Crawford County board's recommendation came about as a result of state law which requires that the board interview candidates who are eligible for the position through Civil Service. The board, along with Social Services zone manager Bob Wilson, spent two days interviewing a number of outstanding candidates from many locations in the state.

Wilson, after announcing the appointment to the local staff, said "Crawford County is very fortunate to have had the services of Bob Porter as a Services Supervisor during the past seven years." He continued, "Now it will also

Robert Porter

be able to focus these same talents in the local office as the Social Services Board and staff plan together with Mr. Porter to enhance client services. The Social Services Board is to be commended for their efforts in selecting Mr. Porter from a large number of qualified candidates."

## Early Copy Deadline

All display advertisements and local news items for the September 5th issue of the Avalanche must be turned in by Noon Friday, August 30. The Avalanche office will be closed Monday, September 2nd, due to the Labor Day Holiday.

## Georgia-Pacific Eyes Grayling Resin Plant

Georgia-Pacific representatives will meet with Beaver Creek Township, county, and civic group leaders Thursday to discuss the possibility of building a resin manufacturing facility here.

Beth Zoffman, from Georgia-Pacific corporation headquarters in Atlanta, Georgia, said the tentative site for the plant is an industrial zoned parcel in the vicinity of the Weyerhaeuser plant in Beaver Creek Township.

The plant would produce wood adhesives that could be used by Weyerhaeuser in making its Struc-turwood.

The plant would employ about 25 persons, Zoffman said, but she emphasized that Georgia-Pacific officials will present the entire proposal Thursday in several meet-

ings. They are scheduled to meet with Chamber of Commerce, Rotary, and Kiwanis members in the morning at the Grayling Holiday Inn, Beaver Creek Township officials during the morning, and with the Crawford County Board of Commissioners at 1:30 p.m. at the courthouse.

The plant is reportedly similar to the one proposed for Gaylord by Borden. Construction for that plant in Gaylord was halted because the site is zoned light manufacturing and the Borden chemical plant was ruled an industrial use by the Otsego County Zoning Board of Appeals.

Zoffman said Georgia-Pacific owns 14 resin manufacturing plants. They also own 142 wood distribution centers including one in Grayling.

## Grayling Welcomes Ohio Army National Guardsman

Story by Sgt. 1st Class Jim Hall

"Welcome to Grayling, sorry for the weather," began Grayling Mayor Sandy Thompson in his welcoming comments to the third and final increment of Ohio Army National Guardsmen to arrive at Camp Grayling for Annual Training 1985.

The weather had been muggy, rainy, and quite a bit colder than the hot August weather the Guardsmen had left behind in Ohio. But it was the kind of weather that makes for realistic field training, and that's what the Guardsmen had come to town for.

Commenting further, Thompson said, "...believe me we're glad you're here. Without you, Grayling wouldn't be what it is today. We're glad to have you back year after year."

The Guardsmen, members of Ohio's Troop Command Headquarters and attached elements, arrived at Camp Grayling for their annual training on August 17th.

The mayor's comments came during the Grayling Chamber of Commerce welcome ceremony on Monday evening at the Grayling City Park pavilion shelter.

Among those present to welcome the Guardsmen to the Michigan training area were Mayor Thompson; Terry Wright, director of the Grayling Chamber of Commerce; local businessmen, and other members of the community.

Camp Grayling provides an ideal training site for large-scale field maneuvers that are not available to the Guardsmen in Ohio. The camp is also among the nearest training sites.

Speaking on behalf of the Guardsmen at Camp Grayling, Deputy Commander for the State of Ohio, Maj. Gen. Robert Teater said, "We appreciate the hospitality Camp Grayling and the city of Grayling has always shown us. This area gives our troops an ideal place to train, and good training for those troops out there in the field right now, is what gives this country a ready reserve force. Having that ready reserve force is the reason I believe we are at peace today."

"Folks, if we have to go to war today, we can go and we can win. Rest assured that your tax dollars that go toward funding such training, is well spent."

General Teater was presented the traditional chamber of commerce Carlisle canoe paddle, the equivalent of the key to the city.

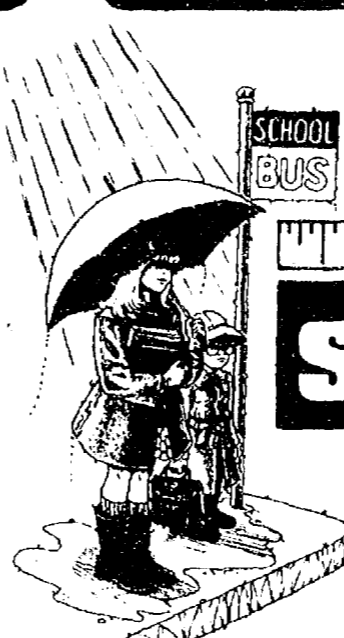

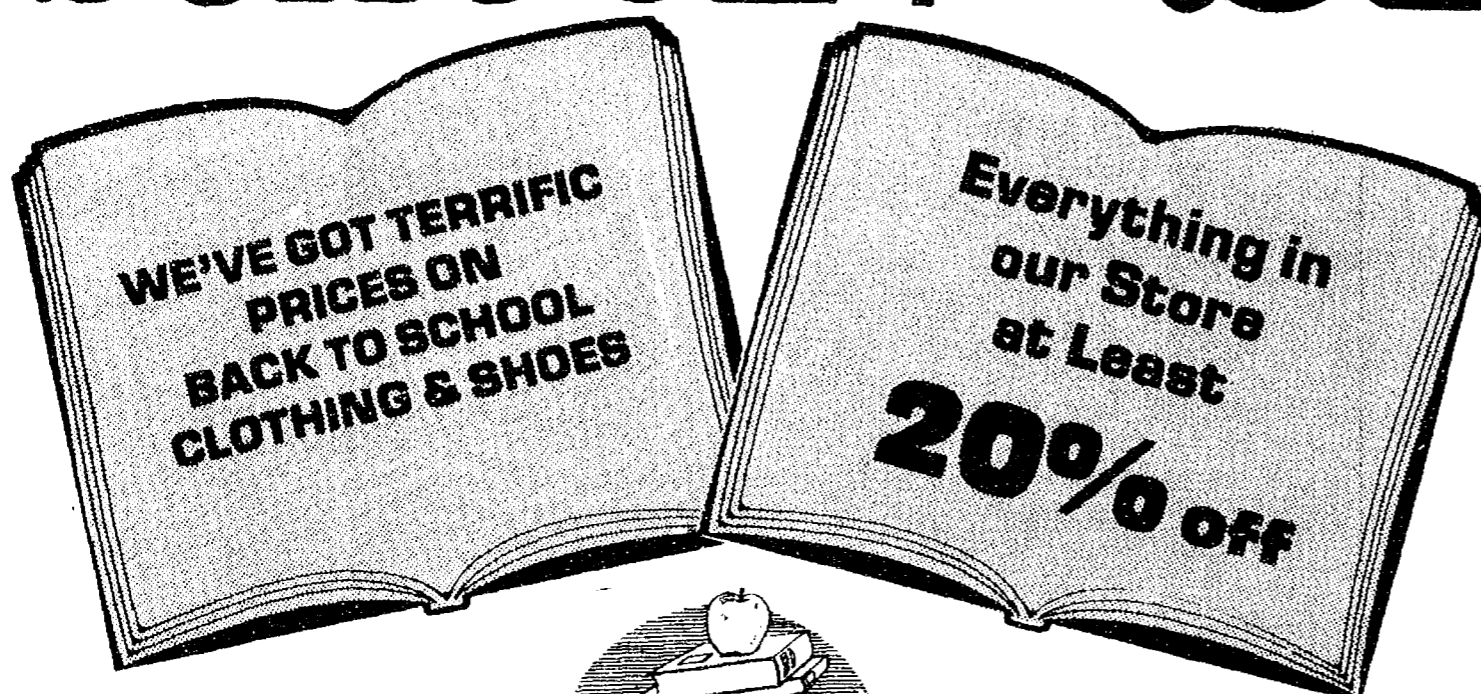

During the ceremony, Camp Grayling's next Camp Commander, Lt. Col. Dick Schmidt, was introduced to the Ohio Guardsmen, and special recognition went to Camp Commander Col. Ivan Gwilt. General Teater personally thanked Gwilt for his years of service to the Ohio Guard and wished him well on his coming retirement.

**MISS MICHIGAN VISITS** — Alecia Rae Masalkoski, Miss Michigan 1985, joined Terry Wright, Grayling Chamber of Commerce director, and Kris Laudenslager, Miss Grayling 1985, at a public luncheon at the Grayling Holiday Inn Friday. Miss Michigan visited the Crawford County Fair.

## From Our Corner...

We're back in our normal Sunday afternoon setting for this week's efforts...and right now it looks as if it will be a column of hits and misses...

First off, we are going to be lazy next week and use a column that we ran last year following Labor Day and written by Detroit Free Press columnist, Jim Fitzgerald...we think it is quite appropriate considering that school is about to start...we hope parents and kids alike will read it and digest it...and abide with it...

In all the past school millage proposals we have come out and endorsed their passage, to no avail...this time is going to be different...all we are going to mention is, get out and vote your convictions on September 10th, for the renovation of the Middle School...maybe this year we won't give the kiss of death for a Yes Vote...

While on the subject of schools...we really hate to mention this, but, school does open on Sept. 4th, and that means that Coach Tom's days of leisure and golf will be ending...he told me Saturday night that this is definitely his last year in prison...he's going to parole himself next year...

Someone dropped a note to us the other day stating that one more time I should bend a bit and wish another person a happy birthday...so, this one is to a very important person, the legendary Spike MacNeven, he will be celebrating his birthday Sept. 8th...so, to you Spike, from the young fella, a very happy 8 zero...Spike, was Mr. Grayling for so many years when he ran Spike's Keg O' Nails, of which he founded...

Before we came down to the office we talked to Dane out in Las Vegas, and like most conversations, the weather comes into the picture...first off, we mentioned it had rained here for about three days...Dane said, they had only about two days of rain all summer...we mentioned it was a dark dreary day with the temp about 60...out in Nevada, the sky was blue, like it has been all summer, and the temp out there was only 110...

The type of weather we have had so far in August, we have heard quite a few remarks that our citizens who leave us for the sunny climes in the winter are starting to pack their bags and head south or west...they call themselves SnoBirds, when they head for Florida and other warm states...we think they are chicken because they won't stay around and suffer with us...but then, they are smart and we're not...

I'm glad you didn't ask...that is, about my den...nothing has been done to clear out the mess for 6 months...now, Sunday our bride remarked, I have some boxes that have to get out of the utility room so it can be re-done, and I don't want to put them outside under the awning...do you want to guess where the boxes went? The Den! I'm glad for one thing, the window was not open, because I couldn't get it to close it even if I had a bulldozer...

A funny thing happened to me while having dinner with our bride at the Hotel Friday night...we ran into our past and present doctors, Dr. Blaha, who gave up the knife for golf clubs, and Dr. Steffe, my present keeper...they both asked me if I was behaving myself...and of course the answer was in the affirmative, what else, at my age...Dr. B asked if I was seeing Dr. S. which was also for sure, I said I had an appointment Sept. 13th at 11:30, someone has to help with his mortgage...

An idle thought...we almost forgot the reason we used purple on the front page last week...Rena had bugged us for a different color than normal, so, with purple we made two gals happy...just happens that purple is Stefany's favorite color...

With that we will close another chapter on the turkey, and wish T.J., Stefany and Amber good-night, and to all who may come in contact with this portion of the Avalanche...do have a safe and sane Labor Day weekend...we want to have you a reader next week...Vote Sept. 10th, for education...

A mural painting, depicting the early lumbering days of Grayling, has been finished and is now adorning the west wall of the post office.

Its area is 12 feet by 5 feet and covers approximately 56 square feet. The painting is on canvas and shows views

of many early lumbering operations. In the foreground are men sawing a log, others are loading, some are piling and a dummy locomotive hauling a load is seen in the background. In the lower right hand corner is a picture of Shoppenagons, who had much in common with the development and operations of the timber and lumber activities in and about Grayling. In his hand he is holding a grayling, a native fish of the AuSable River, after which Grayling is named. The medium execution, according to Robert L. Lepper, artist who made the painting, is an emulsion of egg, varnish and water with which the colors are ground. These are in turn glazed with oil colors. The method is on one employed by Italian and Flemish masters, and antedates oil painting.

Mr. and Mrs. Ernest Borchers and Mr. and Mrs. George Granger entertained 11 couples at a weenie roast and scavenger hunt Sunday evening. The crowd drove down to the pullover on the AuSable at supertime and enjoyed weenies and all the trimmings, returning to the Borchers' home where the hunt started.

Mrs. Adolph Peterson and William Heric won prizes for gathering all articles named and returning to the Borchers home the soonest. Dessert and coffee were enjoyed after the hunt, closing a very enjoyable affair.

### ALCOHOL DECEPTION

Alcohol is responsible for more deaths on the highways than any other factor. It is "an artist in human slaughter," as Lord Chesterfield once said. Alcohol is the great deceiver. "Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise." Proverbs 20:1. Alcoholics continue to destroy their health, their families, their friends, and their future in blind obedience to their master alcohol. "They have stricken me, shalt thou say, and I was not sick: they have beaten me, and I felt it not: when shall I awake? I will seek it yet again." Prov 23:35.

Alcohol destroys wealth as well as health. "For the drunkard and the glutton shall come to poverty..." Prov 23:21. "He that loveth wine...shall not be rich." Prov. 21:17. Sex and alcohol destroy life and liberty in the home. "And they have cast lots for my people: and have given a boy for an harlot, and sold a girl for wine, that they might drink." Joel 3:3. Abraham Lincoln once said alcohol was "a cancer in human society, eating out its vitals and threatening its destruction." President Taft said, "He who drinks is deliberately disqualifying himself for advancement."

Alcohol destroys good judgment. "It is not for kings, O Lemuel, it is not for kings to drink wine; nor for princes strong drink: Lest they drink, and forget the law, and pervert the judgment of any of the afflicted." Prov 31:4, 5. "But they also have erred through wine, and through strong drink are out of the way; the priest and the prophet have erred through strong drink, they are swallowed up of wine, they are out of the way through strong drink; they err in vision, they stumble in judgment." Isa 28:7.

Alcohol destroys character and virtue. Because it lowers inhibitions, it has been used for centuries for

sexual seduction against God's warning. "Woe unto him that giveth his neighbor drink, that putteth thy bottle to him, and makest him drunken also, that thou mayest look on their nakedness!" Hab 2:15. "Whoredom and wine and new wine take away the heart." Hos 4:11.

Drunkards were often stoned to death in ancient Israel. Deut 21:20, 21. They were to be under church discipline in 1 Cor 5:11. They were told they cannot go to Heaven in 1 Cor 6:9. "At the last it biteth like a serpent, and stingeth like an adder." Prov 23:32. Alcohol abuse brings physical and spiritual death in the end.

If you are an alcoholic reading this article, we plead with you to confess the sin of alcoholism to God asking His forgiveness. Then heed the command of I Samuel 1:14, "How long wilt thou be drunken? put away thy wine from thee." Then heed the admonition of Proverbs 23:20, "Be not among winebibbers." Stay away from the drinking crowd, and don't take that first drink ever again. Use too often leads to abuse. Allow the Holy Spirit to take the place of alcohol in your life. "And be not drunk with wine, wherein is excess; but be filled with the Spirit." Eph 5:18.

## RSVP Reports

by Aleta Thompson, Director

Our own RSVP volunteer Florence Johnson adopted Miss Piggy, when our volunteer's name was drawn Sunday, from our doll drawing. Donald Cockran, from Roscommon County, won Happy Face the Clown, and it will give much pleasure to his many granddaughters.

In spite of the rain our troopers performed and bumbushoots kept many spectators partly dry, on Seniors Day at the fair, Friday.

Yours truly had many anxious moments until the piano arrived for the program. I didn't hear any complaints about the keys sticking together. You seniors are a great bunch to have stuck it out with the inconveniences. Next year's fair will be better, as we have ordered the weather sunny and dry. The fair board did a fine job of assisting us, and they are to be commended for their time that they volunteer too, just like a RSVP senior; above and beyond the call of duty sometimes.

Last week, St. Helen, Houghton Lake and Roscommon Community Centers were signed up as new RSVP stations. They are meal sites as well as active centers where seniors can congregate and have services like blood pressure and other testings done. Indications are, that this week volunteers will be signing up at these areas to join our RSVP family.

Our August birthday party was a rather large group. An additional Zucchini loaf, made by Jann's daughter Jill, was consumed along with the iced birthday cake. We loved having all you volunteers and it's a great excuse to go off diets and enjoy cake and ice cream.

We are in need of a few interested volunteers to be a friend to a couple of well deserving children. With many of us living near the lakes and rivers, a few minutes of our time with a child, who has never gone fishing, will give this child a precious moment to be remembered always. Not all children are blessed with two parents at home, or even a grandparent nearby, or even a grandparent well enough to share this outdoor experience. I'll even help put the worm on the hook! If you are interested in this assignment, come see us at 308 Lawndale or call 348-8322 or 348-4341.

## Grayling Lioness Club News

The Grayling Lioness Club held a car wash Saturday at Van's Lumber, the Lioness' were dressed in formals to do the job. Much to their surprise several of the Lions joined in to give them a hand - they were also dressed for the deal. The ladies wish to thank Van's Lumber for their help and also Terry Misener Ford garage who supplied thirty four cars to be washed. This was lots of work but lots of fun. The ladies were very grateful for the good turn out.

### I see by the papers . . .

by Richard Milliman

I SEE BY the papers that the major league baseball players went out on strike, stayed two days, and returned to "work."

One of the prime questions the newspapers kept asking was how could the public possibly get along without baseball, if the strike had been prolonged.

Big deal. The strike could have continued through the rest of the season for all I cared.

I find it impossible to sympathize with "workers" who have a minimum wage of \$40,000 a year, an average paycheck of \$329,408 per year, and some contracts that pay up to \$2 million a year.

I also find it impossible to sympathize with baseball owners, when the primary concern seems to be television revenue in the tens-of-millions of dollars, and where franchises are sold for \$20 to \$30 to \$50 million or more, and not as a way to make a living for the owners, but in most cases as a hobby.

Sport left baseball some time ago, in my opinion. Let 'em strike.

I SEE BY the papers where a group of peace activists was fired upon while promoting peace along the Costa Rica-Nicaragua border, held "captive" for a day, and then released.

The details are fuzzy, and likely will remain so — as all details in Central America seem to be. There was early uncertainty about who did the firing, how much firing was done, who did the detaining, whether it was hostile, whether the whole thing was stage-managed, etc., etc., etc.

One of the most intriguing aspects to me was that the group contained 29 American peace activists, and either 14 or 18 journalists. That's about one journalist for every two peace proponents — which seems to me to point up that the real purpose of the exercise was not peace but publicity — or peace through publicity, perhaps.

What were they doing in a combat area in the first place? There should be no surprise if someone is injured; frequently people are hurt in revolutions. Sometimes people even get killed.

I'VE ALWAYS BEEN rather suspicious anyway about such groups as "Witness for Peace," which take some very well-intentioned people to Nicaragua, give them a carefully managed blue-plate special whirlwind tour to show them how nice the Sandinistas are and how well the reforms are taking over, serve up a bit of hate toward the anti-Sandinistas, and then send them home as "two-week experts" to spout the anti-American, pro-Sandinista line back here. What can you expect?

I don't question the sincerity or the concern of these people; I do question their naivete.

I was struck by a photo of one "Witness for Peace" involved in the recent border trouble. She brandished a poster which said: "Central America is not our backyard."

Now, in her case, I also question her knowledge of geography; if "Central America is not our backyard," then I don't know how to read maps at all.

SPEAKING OF PHOTOS in newspapers, I saw in the papers a picture of one of the handful of survivors of the Delta Air Lines tragedy in Dallas-Fort Worth, which claimed about 130 lives. This survivor was wearing a T-shirt which read: "I survived Delta Flight 191." To me, that's a pretty morbid sense of humor, if it's supposed to be humor at all.

I SEE BY the papers where Iranian security guards were reported to have foiled an attempted hijacking aboard an Iranian jetliner. They shot one would-be hijacker to death and captured his accomplice.

If you can believe the report, that's one of the best things that can be attributed to Iran in a long, long time...at least since before the Ayatollah Khomeini took over.

One way to deal with terrorism is with swift, direct, tough action, which is what Iran apparently did in this case. Similar actions would get a lot of public support from the American people, in my opinion. And there would be a lot fewer hijackings, too.

**LIBRARY DONATION** — The Golden Eagles Fund of \$200 was donated to the Grayling Library for larger printed books for the seniors or those with poor eye sight. Mary Cariveau, Madame President, with Helen Williams and Tiny DeRousha presented the check of \$200 to Rose Duley.

## Not Safe When Lansing's Working

The same state government that has brought Michigan taxpayers such incredible snafus as the Zilwaukee Bridge and Mayor Coleman Young's People Mover in downtown Detroit, don't want any part of the recently announced campaign for a part-time legislature.

For that reason alone it's a good bet to support it for being one of the most logical things to come out of Lansing in awhile.

Traverse City State Rep. Tom Power is a member of the five legislator corps, four Republicans and a Democrat, who drafted the petition drive for the part-time legislature. They'd like to put the proposal on the '86 ballot. Some 304,001 signatures are needed.

This drive is essentially the same one that was waged a few years ago. Only this time, backers claim, it's better organized.

Ironically, until '69, Michigan operated with a part-time legislature, until a new state constitution opened the door for a switch to full time. Some would argue that state polls still only work part-time since they're in session less than six full weeks yearly.

Back in the early '60's, Michigan's part-time statesmen pulled down \$7,000 for their stint in Lansing. Next year, they'll receive \$36,520. In 1963-64 expense reimbursements were \$1250 to each lawmaker. In '86 they'll be guaranteed \$6700.

During 1984-85 our 110 representatives and 38 senators spent \$57.5 million of our tax dollars. In 1969-70 they spent \$11.3 million.

In the Midwest, there are only two states with full time legislators: Michigan and Ohio. Nationwide, just New Jersey, Massachusetts, New York and Pennsylvania are full time operators.

We've long thought that the composition of the Michigan legislature was a bit one-sided. Too many lawyers and career politicians, to the exclusion of small business, farmers and everyday taxpayer types.

Whether or not state voters will have an opportunity to consider the part-time legislature on the fall '86 ballot depends on the petition drive now being waged.

Contact the P-T/L Committee, P.O. Box 20205, Lansing, MI 48901 for information about circulating petitions. And remember the drive's motto: "No man's life, liberty or property is safe while the legislature is in session..."

Petitions to sign are available at the Avalanche office and the Chamber of Commerce office. (This article reprinted from The Leader and Kalkaskan).

**La Leche League Meeting Notice**

"The Advantages of Breastfeeding to Mother and Baby" will be the topic for discussion at the September meeting of the Grayling-Roscommon La Leche League. This is the first in a series of four discussion meetings. The meeting will be held on Thursday, Sept. 5 at 7:30 p.m. at 610 W. Sunset Drive, Roscommon.

La Leche League believes breastfeeding gives the best possible start in good mothering and helps to develop and deepen the close relationship between a mother and her child. A series of meetings are held in members' homes, to acquaint those interested with the physical, practical, and psychological sides of breastfeeding. Any woman interested in breastfeeding is welcome to attend. Expectant mothers are encouraged to attend the series before the baby arrives. Babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

### Looking For The Elusive Monopole

Physicists from Texas A&M are working 1600 feet underground in an abandoned salt mine searching for a rare piece of matter much smaller than the atom. If their sensitive array of instruments and computers proves successful, the scientists could become the first to confirm the existence of particles known as monopoles.

### State Having Growing Role In Foreign Trade

Warren M. Hoyt, Exec. Dir., MPA

Nearly all states are now involved in programs of some kind to promote exports, with 30 having established overseas representation, according to a report presented at a recent meeting of the National Governors' Association.

The survey by the group's Committee on International Trade and Foreign Relations showed 49 states holding export seminars, 45 states using computers to match exporters with trade prospects and 10 states (including Michigan) are operating export finance programs to help companies with overseas sales.

Noting the record \$123.3 billion U.S. trade deficit in 1984, the report said "a growing export sector is essential to the long-term health of the U.S. economy."

The report said overseas visits by governors leading trade delegations are highly successful in fostering close economic relationships.

Trade shows and regional export ventures, such as the Great Lakes Commission, are also helpful, the report said.

The report added the auto industry is the third largest source of the trade deficit (after consumer goods and petroleum products) and is rapidly getting worse, more than doubling to a deficit of \$35.9 billion in 1984 compared to 1982.

That has contributed to a slower growth in exports of Michigan manufactured goods.

The state ranked fifth in such exports in 1981, but had grown at about half the rate of the nation as a whole from four years earlier.

The report said an important source of trade revenue is tourism, which was the largest export service industry, con-

tributing \$14 billion to the national economy in 1984, and states can take a greater role in promoting that activity. It further noted 43 states have travel development offices as part of agencies responsible for commerce and economic development.

### LEGISLATION ENACTED TO PROVIDE GREAT LAKES PROTECTIONS

Governor James Blanchard has signed into law legislation designed to protect the Great Lakes from diversion plans and to guard their water quality.

The signing of the bills represents Michigan's first action toward fulfilling goals outlined in the Great Lakes Charter signed in February by the Governor and heads of either of the other states and Canadian provinces.

"The Great Lakes state strengthens its position of leadership in water management and protection with the enactment of these new laws. We are sending the strongest possible signal to our neighbors in the region and to the Sunbelt states that we will fight diversion of our precious water resources," Blanchard said.

One act sets a three-year moratorium on diversions from the Great Lakes to areas outside the lakes' basin.

The second act adds additional representatives of the Governor and legislative leadership as members of the interstate Great Lakes Compact to restrict water diversion.

The final measure designates a new Office of the Great Lakes as the state's lead agency for protection and development of the waters while requiring studies on research needs and of an annual report by the Governor on the state of the lakes.

Elzinga - Thomas Exchange Vows

Wendy Lou Elzinga and Dr. Daniel Scott Thomas exchanged marriage vows in a double ring candlelight ceremony on June 29th at Spring Lake Wesleyan Methodist Church. Rev. Ralph Baynum officiated in the presence of immediate family and friends.

The bride chose a tea length Ivory gown with high neckline and silk embroidery lace yolk, Renaissance sleeves and a natural waist line. Her headpiece was a bridal derby trimmed with scattered pearls, Alençon lace and English netting.

She carried a bouquet of long stemmed red Roses.

Linda Cross, from Menominee, Mich., her college roommate was her maid of honor. Her gown of silk flocked Organdy was fashioned with a scoop neckline and short puffed sleeves. She wore a circular headpiece of pink and burgundy Carnations and carried a matching basket with streamers.

Best man was Richard Thomas, father of the groom. They were attired in black tuxedos with burgundy accents.

The bride's mother chose a grey silk sheath dress with beaded epaulettes on the left shoulder. She wore a corsage of white Gardenias and red Roses.

Phyllis Thomas, mother of the groom chose a black and white chemise print silk with a dropped waist. Her corsage was made of Gardenias and red Roses.

A reception followed immediately on the terrace of the Spring Lake Country Club, then a candlelight dinner-dance was held in the ballroom.

Wendy is the daughter of Lou and Bonnie Borchers Fierens of Greenville, Mich. and Marvin James Elzinga Jr. of Petoskey.

Dr. Thomas's parents are Mr. and Mrs. Richard Thomas of Muskegon, Mich. Zoe and Mike Lapka and the late Alfred Borchers are Wendy's grandparents as are Mr. and Mrs. Marvin J. Elzinga Sr. of Ellsworth, Mich.

Dan is the grandson of Albert and Julia Bigsby of Muskegon, Mich.

Wendy is a graduate of Ferris State College of Pharmacy and is presently employed at Blodgett Hospital in Grand Rapids. Dr. Thomas is a graduate of Michigan State Medical School, he is practicing Anesthesiologist at North Ottawa Hospital in Grand Haven.

The couple spent their honeymoon in Hawaii and are at home to friends on North Shore Drive, Spring Lake, Mich.

Out of state guests were from Florida, Turkey and New York.

Elk Hunt Application Deadline Nears

Lansing — Only a short time remains for Michigan residents, 14 years or older, to apply for an elk hunt license by the September 1 deadline, says a spokesman for the Department of Natural Resources (DNR). This year, 120 licenses will be issued for the December 10-15 elk hunt season, as approved by the State Natural Resources Commission.

The application fee for the elk license is \$4; application forms may be obtained from licensed dealers, at all DNR Regional, District and some Field Offices, and at the Department's Information Services Center in Lansing. Last season's elk hunters are not eligible for elk licenses in 1985.

A lottery drawing will be conducted to determine the 120 successful applicants. Only those successful applicants will be notified by November 1. These applicants will be required to pay \$100 for the license with-

in two weeks of notification. Thirty hunter choice licenses will be available for taking either a bull, cow or calf elk, the remaining 90 licenses will allow the taking of antlerless elk only. A special drawing of all 120 qualified licensees for the 30 hunter's choice licenses will be held on December 9 at a mandatory half-day training session in Atlanta (Montmorency County) conducted by DNR Wildlife Division personnel.

The elk hunt site will cover a 300-square mile area where the elk herd is causing the most agricultural and forest damage. This area lies within the counties of Montmorency, Otsego, Cheboygan, and Presque Isle. DNR Wildlife biologists estimate Michigan's elk population at 1,100.

Doodles From The Tall Timber

By Wendell L. Hoover  
Park Interpreter

Visitors to the park discover many things which are foreign to their home environments, and that is especially so if they live in a city. While going around the campground the other night prior to an evening program, two youngsters asked me to look at a bug they had found. It turned out to be a Giant Water Bug the better part of three inches long. According to one source they may attain a length of four inches. They are broad, quite flat and dark brown in color. Their front legs are designed for grasping their prey while the middle and back legs are used for swimming. Not only are they good swimmers, but they are able fliers as well. They feed on any animal in their environment that can be captured. The forelegs hold the prey while the beak is used to pierce and suck out the juices. Fish, frogs, and other insects serve as food. They are known to kill fish four times their own size, so they could be real pests in a fish hatchery. The adult water bugs are attracted by strong lights so some people call them electric-light bugs.

Selected As Resident Advisor

Denison University student Linda Ann Partin, daughter of Mr. and Mrs. Virgil L. Partin of Grayling has been selected to serve as a head resident adviser for the 1985-86 academic year. Partin is a 1982 of Kingswood School and a senior this fall at Denison.

Head resident advisers are "essential elements in Denison's largely self-governing residence system, serving both as role models and leaders in the University's residence halls," according to Associate Dean of Student Life, Carol Livingston. After receiving training and support from professional staff members in the Office of Student Life, they assume most of the responsibility for the day-to-day functioning of the residence halls.

## GHS Alumni Nostalgia

Here is another great class, observing their 45th Anniversary.

Chosen to be Honor Guest at the Annual Homecoming is Jack Trudgeon. He grew up in Sault Ste. Marie...got his degree at Michigan State...served 2 years in the Army before coming to Grayling. This was his first and only teaching assignment. He taught 8th grade Math in the old High School...moved to the new High School where he taught History and Government. He coached Junior Basketball...was Ticket Manager for athletic events...acted as Director of Audio Visual department. He was a quiet man

of many talents. His School retirement came in 1984. We appreciate the years he taught our students.

In those many years, he and his wife, Aggie raised 9 children. 8 of them are G.H.S. Alumni...Leesa '74, Janice '74, Kevin '75, Tom '77, Philip '78, Toni '80 (A practicing Elementary teacher), David '82, Rene '84 and Carrie is a Sophomore. Isn't this a fantastic family?

Keep in mind 2 dates. One is Homecoming Sept. 7 and the other is Sept. 10 at the polls.

Another picture next week. Clara Sorenson, Membership Secretary.

## Push for Part-time Legislature

A petition drive is underway in the state to place a proposal on the ballot to change Michigan's legislature from full-time to part-time. If the drive is successful and collects the 304,000 signatures it needs, the matter will appear on the general election ballot in 1986. Main proponents of the petition drive are Representative Tom Powers (R-

Traverse City), Representative Vic Krause (R-Rockford), Representative Mike Nye (R-Litchfield), Senator Ed Fredericks, (R-Muskegon), Representative Richard Fitzpatrick (D-Battle Creek) and Dick Chrysler, Chairman of the board Cars and Concepts Inc.

According to a press release from part-time legislature proponents, if the issue is placed on the ballot and passed: legislative sessions would be shortened to four months with a provision for 15 day special sessions; legislator's salaries would be reduced from \$38,520 to \$15,000; lifetime legislator benefit packages would be removed from

those not already vested with the provision of the same health benefits as received by other state employees; there would be a guarantee return to previous employment similar to leave for military service; it would cut expenses for legislators from \$6,700 per year to \$50 per day of attendance while in session.

Until 1969 Michigan had a part-time legislature, but a new constitution changed the state to full-time. In 1983 there was a petition drive to place the part-time legislature issue on the ballot, but that drive failed to reach its goal.

Proponents of the petition argue that a part-time legislature would save \$2.5 million in legislator salaries, save approximately \$200,000 in legislator expenses and insure that legislators serve their constituents while living most of the year at home rather than making periodic visits to constituents.

Opponents of the part-time legislature have said that even though a change may be needed, a switch from a

bicameral to a unicameral legislature would be more favorable than a part-time legislature.

Currently 44 other states have part-time legislatures. Advocates of the part-time legislature claim that they are more organized and better funded than in 1983 when their first petition drive failed. They feel that if they were successful in their petition and get the part-time legislature question on the ballot, they are confident voters will support the change to part-time.

Petitions to sign are available at the Avalanche office and the Chamber of Commerce office. (This article reprinted from The Leader and Kalkaskan).

### Bits . . . . . by Fay

A.J. (Bud) Sorenson was in Grayling on business on Tuesday and Wednesday of last week. On Tuesday, Aug. 20th, his grandson, John Sullivan, son of Marcia and Larry Sullivan of Marlette, was moved by medical plane to Mayo Clinic in Rochester, Minn. John, 17, was struck by lightning while playing in a golf tournament in Lansing. Since the incident, he has spent three weeks in a Lansing hospital and two weeks in a Saginaw hospital. Bud said John was still in a coma. Bud and Doris are staying with the other three Sullivan children while their parents are in Rochester with John. The prayers of their friends are with this stricken family.

Guests of Mrs. Francis VanKleeck from Thursday until Monday were her daughter, Mrs. Greg Saylor, granddaughter, Jennifer LaMotte, and grandson, Thomas Francis Saylor of Kettering, Ohio.

Kathryn and John Stock of Rochester, their friends, Neva Frumkin of New Jersey, a student at Michigan State University, and Keith Clark of Lapeer, spent the 3 day weekend visiting Kathryn's uncle Bob and Mickey Strong at their cabin on the AuSable. Barbara and Rob Luter and their little daughter, Erin, of Kalamazoo spent the weekend with his grandmother, Eva Strong, and they all joined the group at the cabin. Beth Strong and John Campbell of Alpena, were also present. They enjoyed some canoe trips in spite of the misty weather. Polly (Mikesell) and Frank Brousseau of Ossineke spent Wednesday and Thursday with her daughter, Mick and Bob.

Sal Hubel drove up from Clare and picked up her sister, Peg Milnes, who spent a week with her and Ed.

Mr. and Mrs. Gary Taylor and daughter, Stephanie, of Escanaba, spent a weekend with her grandparents, the Harry Souders.

Mrs. Oscar Smith met two of her cousins in Houghton Lake and together they drove to Manistee and spent the weekend with another cousin, Mr. and Mrs. Francis Brown.

He was a member of St. Francis De Sales Catholic Church.

### W.I.F. News

A great time was enjoyed by all who attended the Ohio National Guard unit who presented their concert and the big band sounds at the Frederic Park Friday, Aug. 2nd. I'm sure many of the young people here have never had the chance of hearing this type of music before.

We were really pleased at the turnout on the 3rd of August for Frederic Day. We have had so many positive comments that we plan on having it again next year. It's nice to know that our community appreciates our projects.

Our group is busy getting several new projects lined up for the next few months starting with a Bake Sale Saturday, Aug. 31st at the Frederic Park, to selling tickets for a complete turkey dinner for a family including a 20 lb. turkey and all the trimmings and right on to selling tickets for \$100.00 worth of groceries for the month of December.

All of the money we make goes right back into our community. We just bought our fire department a new weather vane and plan on contacting our school to see what we can do for them.

Our next meeting will be held September 3rd at 7:00 at the Fire Hall in Frederic. Anyone interested in attending is welcome.

Ann Denno

#### THANK YOU

Workers in Frederic would like to thank the organizations, businesses, the ones who put on demonstrations, the bands, and individuals with their help and donations.

We wish to say a special thank you to all those who attended Frederic Day held Aug. 3rd. Without all of your help and cooperation we couldn't have had such a great day.

Kindergarten students will not be admitted until proof of immunization is shown and students new to the district must present proof through a transfer of records from another district or from their physician within one month after they enroll or they will be excluded from school until such proof is shown. ## Editor's Mailbox

Dear Editor,  
I'm really disappointed not to see more about the birth of little Shannon Marie Plutko on July 30th.

Holly and Jerry were a first in Crawford County when they met in Grayling High School and got married before they graduated. As Howard said at the graduation, "they came in as two and go out as one." Now again they make another 1st. for Crawford County by being the 1st. to have a delivery in the ambulance. Little Shannon wouldn't hold off for the hospital, but had to make her appearance on North Down River Rd. as her birthplace.

Jerry, trying to follow lost sight of the ambulance and never saw it again until her got to the hospital. Even Clem was in tears when he got to Mercy Hospital, but he did a great job of driving and must say the Dr. did her job well also. So now for the 1st. baby, a girl delivered in the ambulance, Crawford Co. finally gets an emblem, a pink Stork. We're proud we have the emblem in our ambulance.

Now what is the next new record Holly & Jerry Plutko are going to set for Crawford County?

Could we see a picture of the new emblem?

Thank you,  
Margaret Pedrotte

## Editor's Mailbox

Dear Whitey,  
My husband and I love to fish and I also like other water sports so I'm not knocking them, but I am asking why, when we are trying to fish and we get up in a cove next to shore to stay out of the motor boats and water skiers way, do they come right up to us and go between shore and our boat and make their big waves and disrupt our fishing. They have the whole lake. We respect them and their sport, why don't they respect us and ours.

Thank you

### CARD OF THANKS

Perhaps you sent a lovely card,  
Or sat quietly in a chair.  
Perhaps you sent a floral piece,  
If so we saw it there.  
Perhaps you spoke the kindest words,  
As any friend would say;  
Perhaps you were not there at all,  
Just thought of us that day,  
Whatever you did to console our hearts,  
We thank you so much whatever the part.

### PUBLIC HEARING

Purpose of the public hearing is to receive and review comments concerning a proposed special assessment district for street lighting of Grayling Manor Sub. T27N, R3W.

Floor was opened to discussion.

Mr. Les Birk spoke against the project, citing possible invalid signatures on the petition as a reason. He also feared lighting might encourage higher speed traffic through the area and more people on the streets after dark.

## Mt. Hope Vacation Bible School

The week of August 12-16 was Vacation Bible School at Mt. Hope Lutheran Church. This year's theme centered on Advent and the children were busy making advent rings, cookies, trivets, wall-hangings, magnets and hearing the story of Jesus' birth.

An open house was held on Thursday evening, giving parents and those of the community a chance to hear the children sing many of the songs learned throughout the week and view the many lovely crafts. Highlighting the open house was a puppet show put on by several VBS students. The traditional balloon launch, signifying the end of Vacation Bible School 1985 was a beautiful success, thanks to our staff of volunteers and community donations.

In Deuteronomy 6:4-10 God tells us how we are to continually bring our children up in His word. This tradition should not be broken.

I have been an honest, conscientious clerk and the betterment of the township has always been my top priority. The charges against me are simply not true. I have done nothing either legally or morally wrong. In the nine years I have been in office, we have had very good audit reports and have never overspent the budget. A handful of people who know very little about how Township Government works are tearing our community apart instead of working to better it. The charges against us are completely different from those on the ultimatum to resign that was presented to us. I feel that these people would have drummed up some kind of charges whether or not we had built the offices. Perhaps tennis courts would have been a better way to spend the money. Federal Revenue Sharing money must be spent in five years or it is lost. Most of the money for this project came from this fund. Your support is greatly appreciated.

Thank you,  
Helen M. Spencer

### RECALL OF DOLORES M. HABERLAND, TREASURER

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.
2. Failed to submit the project for, or otherwise secure competitive bids.
3. Approved the contract for such construction in an amount in excess of that contained in the budget approved at the stated Annual Meeting.
4. No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.
5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

In my letter to the registered Voters in Nov. 1984, I stated "I planned to work in the best interest of all areas of Lovells Township". When I took my Oath of Office, that was my goal and it hasn't changed.

At the Annual Meeting, March 1984, the majority of the people present voted to have the Township Board work in the Township Hall. At the Annual Meeting in March 1985, the majority of the people present voted to build the new offices. The facts are Public Record as recorded in the minutes of those meetings. Some of the people who started this recall, voted with the majority at those 2 meetings. The others were either not at the meeting or do not normally take part in local affairs. The reason for this recall goes far deeper than the charges stated.

The offices in the Township Hall are now open 5 days a week. Many people have made use of them. I sincerely hope they will remain open in the future for your convenience.

Dolores M. Haberland, Treasurer

### RECALL OF BETTY LOU BURDEN, TRUSTEE

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

1. At an Annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.

5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

When I took my Oath of Office in Nov., I said I would do my best for the Township to the best of my ability. I also have stated that decisions I would make would not make all of the people happy. I am proud of the additions we have made to the Town Hall. I feel the foremost purpose of the Township Hall is to conduct the business and government of the Township and there should be proper facilities to do so. The other things are all pluses. The library, park & etc. What we have done will be here for a long time and so will the impact of this recall along with the additional expense to the Township for which there will be nothing to show for it. Recall is a serious thing and should only be done for something of a serious nature. I feel that there was a great over reaction on the part of some disenchanted people. You elected people to office by a majority to make decisions for the Township. If they can be recalled so easily, why not have your meeting and let the mob rule.

Betty Lou Burden, Trustee

### RECALL OF ESTHER J. MULLIN, TRUSTEE

With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the People of Lovells Township, and was otherwise guilty of misconduct as follows:

5. Permitted start of construction prior to issuance of required building permit.
6. Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

You voted me into this office to represent you the people of Lovells Township. When voting on the issues to improve our Township Hall, my consideration was for the interest and welfare of the entire township. The buildings were built to serve you, to help make your government more efficient, your community a better place to live. This was a positive move.

I took the oath of office serious and try to uphold it. I know I can not please all of you all the time. If I have caused anger and pain to anyone, I'm sorry. It was not done intentionally. I do not believe I have done anything immoral or illegal, certainly nothing to warrant this recall.

I believe the charges stated for the recall to be untrue, brought about by a few irate people who have fired up this community with false statements and ugly rumors.

I have done my best in performing the duties of trustee and want to continue to serve our community. Lovells is a good place to live. Let us keep it that way. May God be with us all.

Joyce Mullin, Trustee

R & H shortstop Jim Tobin won the tournament Most Valuable Player award. Tobin had 27 hits in 37 at bats for a sizzling .729 average. He scored 22 runs to lead the team and contributed 9 RBI's.

They beat a downstate team 13-8 and then revenge their loss to Crosswell 21-12. In the finals, they beat an unbeaten Wayne-Oakland County police team 19-17 and 18-9.

### Herbal Corner

Cold are you? I have been having this feeling of wanting to hibernate for a few days now.

Here is a suggestion. First thing in the morning put on the whistling tea kettle. If you don't like to be whistled at in the morning then try a plain pot. Go wash up while the water is boiling and lay out your work clothes or your clothes for the day.

The water should be boiling by now. In a coffee mug put in 1 tsp. Chamomile flowers, 1 tsp. Comfrey leaves, 1 tsp. Wintergreen leaves, and just enough honey for taste. If you feel you need that caffeine then put in 1 tsp. of black tea. Let this steep while you get your children's cereal or finish getting ready for work.

Take your cup of tea, strain it if you wish into another cup or have all the contents already steeping in a cup of water in the pot then strain into the mug, and go off by yourself if you can, in the living room, bedroom, or even the garage if you're desperate. Take this 10 or 15 minutes to drink your tea and reflect on yourself. Don't think about how you are going to pay that bill and try to ignore that noise in the kitchen, even though you know it may be in a state of disaster when you get back in there. Try to relax and contemplate for those 10 or 15 minutes.

The Chamomile flowers will help you to relax, the Comfrey will aid in your body's healing process and help to pick you up, and the Wintergreen will take care of some of those little aches and pains. And while you are drinking the tea, the warmth will flow throughout your person.

You should start the day with the sun shining in your heart, a warmth around your soul, and your emanating presence reaching out to all those around you. Have a nice week darling! and just think about the youngin's going back to school soon.

Herbally yours,  
 E. Diona Cerelli, C.H.

## Chamber Chatter

Many people, organizations and businesses in our area are currently not members of the Chamber because they tell us, "The Chamber doesn't really help our business." In fact, that statement is not even close to the truth. What is true is that many businesses get direct referrals from our tourist wak-in traffic on a daily basis, while other non tourist oriented businesses don't. However, direct referrals are only a very small percentage of what the Chamber is all about. The Chamber of Commerce promotes tourism and industry in the whole County, and every dollar that is spent here makes our area a better place to live for each of us. The many Chamber sponsored events that bring tourists to our area are still not everything that we do. We serve as the unified voice of the business community in matters of government. We promote new jobs through a vigorous program of industrial recruitment. We provide business training seminars and personal consultations through many state funded programs.

As you see we wear many hats, each of which is designed for the good of the community as a whole, which in turn has a direct benefit to each individual business in the form of the standard of living that has kept our area thriving.

On September 3, 1985 The Offspring which is located in the Grayling Mini Mall will be moving to the Mercantile Mall located on Michigan Ave. Good luck in your new location!!

# CHURCH DIRECTORY

*No Regrets*

Frank and Blanche find the "senior citizen" scene a mighty happy one. Not just because of discounts and other thoughtful breaks. Rather it's that with children grown-up and grandchildren brightening every visit they can look back over the years with no regrets.

Maybe that's an exaggeration. Things didn't always work out right. Dreams had to confront reality. But in the deepest relationships of life Frank and Blanche truly have no regrets.

They're convinced the key has been Faith. Family life was built on a religious foundation. Children had the vital blessings of spiritual training at Church. Now the grandchildren are growing up with deep-rooted convictions.

Accept the Lord's help in raising your family!

## Won't You Join Us To Save The Face of This Aging Lady?

The Grayling Health Care Center in cooperation with the Hillhaven Corporation is proud to sponsor the "Rehabilitation of an Aging Lady" campaign as a tribute to another great lady: Kate Smith.

Currently a \$230 million, 2½ year project is underway to restore the aging Statue of Liberty and Ellis Island to be completed by 1986. A well-known symbol of freedom and hope to the world. The statue has been primarily paid for through contributions raised by the French and American peoples with a significant amount having been raised by American schoolchildren.

Here is how you can help - All you have to do (beginning July 27 & ending August 31) is to accept donations from your customers. Any donation of \$2 or more will entitle your customer to a chance at winning a 1986 Dodge Series 600 Convertible valued at \$13,000 or a \$500 U.S. Savings Bond or a \$100 U.S. Savings Bond.

It is estimated that 17 million immigrants have passed through Ellis Island, but nearly 100 years of wind, rain and snow have taken their toll on this national treasure so now it's our turn. Won't you join us to save the face of this aging lady?

For details, please contact Nancy Holcomb or Yvette Saraiva at 348-2801.

### Lake Margrethe Treasure Hunt Attracts 95 Persons Saturday

Marcia Rutter, Cindy Olson, Ellen Thompson, and Katie McNamara won the first annual Lake Margrethe Treasure Hunt, which attracted 95 treasure seekers. Rutter, Olson, Thompson, and McNamara teamed together to win the first place prize of \$150 Saturday night.

A team of Jim and Judy Vermeesch, Jim and Betty Bokhart, and Paul and Joanne Wagner took second and won \$100.

A team led by Molly and Nancy Moore took third and won \$50.

The treasure hunt led searchers more than 95 miles around the country trying to figure out 10 clues. The first place team won with an overall time of three hours and twenty minutes solving nine of ten clues. They used the least amount of "panic" envelopes (only one) that had the answer to a clue inside. Each panic envelope used cost a team 30 minutes in penalties. One team had a combined time of

six hours after penalty minutes were added.

The hunt was organized by Tom and Jan Hunt, of Grayling. The clues led searchers throughout the county and finally to the AuSable Hotel in Frederic, where a post-hunt party was held.

Rain dampened the course but not the spirits of the forty ladies who were present for the final night of the Monday Night Ladies Golf League on August 28th.

No one finished the course but all enjoyed a social hour and a delicious chicken dinner.

Prizes were awarded to Donna Pottorff, Barb Hazen, Treva McClanahan and Marion Parkinson. The Miss Congeniality award was presented to Jackie Parker. All members present were given a nice gift.

Officers for next year will be President Kathy Garbe, Vice-Pres. Evelyn McIntosh and Sec'y.-Treas. Treva McClanahan.
